DACHA CENTER IN 2019 IS A HOME FOR

70 kids whose normal childhood has been stolen by cancer. **114 moms** and dads who have forgotten what happiness and a peaceful sleep are. **56** siblings, grandparents and other relatives who has learnt to cry in solitude at home this year but find a way to come to Kyiv from far away cities and towns to see each other, to hug each other, and to tell each other the most important words of love and support.

And also, the Dacha is:

67 unforgettable activities when Dacha kids had fun at pajama parties, played with animators, went to football matches with the star Junior Moraes, when Dacha moms enjoyed their new hairstyles and makeup after beauty days and many other activities, so that they didn't have just hospital memories from the last year.

For Dacha's 10th Anniversary kids from previous years, friends and celebrities gathered under one roof to celebrate together.

DACHA CENTER. CONSTRUCTION 2019

Results of 2019

New Dacha construction for **15** families is underway. In 2019, we built a house, made a roof, installed windows, elaborated and installed heating and water supply systems, elaborated interior design.

The project expenses in 2019 amounted to **294,426.43 US dollars**, coming from private donors.

INDIVIDUAL ASSISTANCE AND TREATMENT/DIAGNOSIS ABROAD
